

**Trilogy is an extremely practical and manoeuvrable Inglesina trio.**

Clean and modern lines, refined colours, but especially technical solutions that make it the perfect product for demanding parents, eager for a comfortable and practical trio in any situation. Every activity is easier with Trilogy. The wheels equipped with ball bearings make it easy to push, and the mechanism to operate the swivel wheels is right at your fingertips. The most important feature of this category is how the stroller opens and closes, and with Trilogy this can be done with just one hand, using centralised controls. All of the elements that comprise the system are extremely easy to attach and detach from the chassis, making changing from one configuration to another very quick and intuitive. The carrycot - designed for car travel - is the same size as a traditional pram, the stroller is reversible and therefore allows you to turn the seat to either face the parent or face forwards. The Huggy Multifix child carrier can be used both in the car and attached to the stroller frame, for a package that includes what the baby needs from birth to about three years old.

## Trilogy System consist of:

- Stroller
- Carrycot
- Huggy Multifix Group 0+ car seat
- Storage basket
- Cup holder
- Matching bag
- Leg cover for stroller
- Rain cover for stroller

## Stroller features:

- Suitable from birth to 15 kg.
- Legendary umbrella one-hand, single action open/close system (Inglesina patent).
- The seat is reversible (the position on the chassis may be facing mum or the street according to your choice). The chassis closes with the pushchair seat mounted in both configurations.
- Available with frame with single handle or separate grips.
- Front swivel wheels with remote locking and unlocking control that can be activated without having to act directly on the wheels.
- Front wheels diameter 175 mm; rear wheels diameter 205 mm with Abec 5 bearings.
- Active brake lever, which, once activated, automatically positions itself, thereby ensuring improved safety.
- Matching storage basket with reinforced base for up to 3 Kg.
- Cup holder integrated in the chassis.
- Lateral transport handle
- Adjustable 5-point harnesses.
- The pushchair seat, thanks to the triple position, offers the opportunity to adjust the back straps in terms of height, following the baby's growth.
- Padded shoulder straps.
- The soft padded leg cover can be hooked in a position suited to protect the baby against the cold.
- 3-position reclinable backrest with centralised control.
- Handrail and footrest in technical waterproof material, resistant and easy to wash.
- Adjustable 2-position footrest.
- Fully removable lining and hood, washable by hand at 30°C.
- The pushchair seat can be easily fastened and unfastened from the chassis thanks to the side handles.

## Technical specifications:

Closure type:	umbrella
Dimensions when open:	56,5 x 107 x 83 cm (height x depth x width)
Dimensions when closed:	36,5 x 97 x 48 cm (height x depth x width)
Weight:	9.5 Kg with frame with separate grips. 9.67 kg with frame with solid handle
Structure materials:	aluminium
Materials of the lining:	polyester

## Carrycot features:

- According to tradition, loving even the tiniest particular, Inglesina cots are made with attention to every detail, to elegance, but particularly to comfort. This is why the Trilogy cot is completely lined with soft, precious fabric also outside.
- The backrest can be reclined in various positions through the practical front control.
- The cot is equipped with a device adjusting the air flow: special windows with adjustable opening, located on the bottom ensure natural air circulation and an ideal level of air conditioning.
- The fully removable poly-cotton internal lining can be hand-washed at 30°C and features an internal ventilation system with a 7 mm 3D mesh for greater breathability and faster drying. Once the internal lining has been removed, the base of the carrycot can also be wiped clean with a damp cloth.
- Practical transportation handle, integrated in the textile lining, with ergonomic grip.
- Centralised mechanism for releasing the carrycot from the chassis.
- The hood is fitted with a mesh insert that favours ventilation.
- The reverse of the hood can be hooked in a position suited to protect the baby against the cold.
- Matching bag with changing mat.
- The cot is suitable for use in the car and it is approved for group 0 (babies from 0 to 10 kg), according to European standard ECE 44/04, only recommended with the Inglesina Car Kit.

## Technical specifications:

Internal carrycot size:	34 x 22 x 74 cm (width x height x depth)
External carrycot size:	47 x 62 x 86 cm (width x height x depth)
Weight:	kg 5,5
Material of the external lining:	polyester fabric
Material of the internal lining:	polyester fabric
Materials of the structure:	polypropylene
Pram dimensions (chassis + carrycot)	56,5 x 112 x 86 cm (width x height x depth)

## Huggy Multifix car seat features:

- Approved according to standard ECE R44/04 for group 0+ (from 0 to 13 kg of weight)
- Latest Side Head Protection technology for overall improved baby safety against side bumps and shocks.
- Suitable for reverse-face fixing only (against direction of travel) and recommended for use in rear seats - cannot be used in front seats where airbags are fitted as standard.
- Available separately: SHP base to be fastened by means of the car safety belts, or the new ISOFIX base, which can be used only in cars equipped with Isofix connectors (see list of vehicles in the instructions manual or in [www.inglesina.com](http://www.inglesina.com) website).
- Possibility of use also without base.
- Centralised unbuckling mechanism on the backrest rear side.
- Adjustable 3-point safety harness with padded shoulder straps.
- Equipped with Easy Clip system for easy fixing on/off the car seat bases and on compatible Inglesina chassis and strollers.
- Carry handle with ergonomic grip, adjustable in four positions.
- Ergonomically-shaped head hugger in soft terry cloth.
- Adjustable and removable sun protective hood.
- It can be used as a baby carrier and house seat, also with swing function.
- Seat and hood lining totally removable and hand washable at 30°C.
