Rest Easy

Your baby's playpen is perhaps one of the most important pieces of equipment in your home. It is a place where your baby rest and plays in, and it is also possibly the place they spend most of their time in. Therefore, you need to make sure that the playpen is safe and secure, and that it is a comfortable place for your baby to rest at night.

Now, with the chic Nuna SENA™ playpen, you can be sure that your baby will get a good night's rest and he or she is sure to enjoy the time spent in it. With the incorporation of breathable mesh fabrics at the sides, it allows for better ventilation and prevents your baby from feeling stuffy.

Thanks to the clever zig-zag leg design, parents can now pop open the playpen easily into a soft, sturdy dreamland, and then refold with just one hand for a quick getaway the next morning. There are soft and padded edges to prevent your fingers from getting pinched while folding and unfolding.

The SENA series belong to a Dutch-designed family of smart baby gear, so you know its revolutionary design is also evolutionary: growing beyond newborn through toddlerhood.
