

Zippy System Pro is the famous Inglesina trio which has been a symbol of reliability and quality for years.

Zippy System Pro is the evolution of the now famous Zippy trio, appreciated by parents around the world for its qualities of sturdiness and practicality. The chassis - renewed in style and technique - is now lighter and smoother. The wheels have excellent manoeuvrability, while the actuation system that makes them swivel is easily within reach. The stroller, the main element of the trio, allows seating the child with her eyes looking at her parents for increased peace of mind during the first few months, or at the surrounding world, to satisfy the curiosity of older children. Opening and closing are simple and fast and done with one hand only, a great convenience in view of how often these operations are performed. The carrycot, designed for use in the car, and the Huggy Multifix car seat turn the stroller chassis into a pram and Travel System respectively, thus creating a reliable and well-established system.

Zippy System Pro consist of:

- Stroller
- Carrycot
- Huggy Multifix Group 0+ car seat
- Storage basket
- Cup holder
- Matching bag
- Leg cover for stroller
- Rain cover for stroller

Stroller features:

- Stroller suitable from birth to 15 kg.
- Legendary umbrella one-hand, single action open/close system (Inglesina patent).
- The seat is reversible (the position on the chassis may be facing mum or the street according to your choice). The chassis closes with the pushchair seat mounted in both configurations.
- Handles with ergonomic grips.
- Front swivel wheels with remote locking and unlocking control that can be activated without having to act directly on the wheels.
- Wheels diameter 175 mm.
- Active brake lever, which, once activated, automatically positions itself, thereby ensuring improved safety.
- Storage basket for up to 3 Kg.
- Cup holder integrated in the chassis.
- Lateral transport handle
- Easy system for hooking and unhooking from the chassis.
- Adjustable 5-point harnesses.
- The pushchair seat, thanks to the double position, offers the opportunity to adjust the back straps in terms of height, following the baby's growth.
- 3-position reclinable backrest with centralised control.
- Handrail and footrest in technical waterproof material, resistant and easy to wash.
- Adjustable 2-position footrest.
- The soft padded leg cover can be hooked in a position suited to protect the baby against the cold.
- The hood can be tilted forwards to serve as a sun visor.
- Fully removable lining and hood, washable by hand at 30°C.

Technical specifications:

Closing type:	umbrella
Size when open:	53.5 x 106 x 83 cm (width x height x depth)
Size when closed:	33.5 x 98 x 48 cm (width x height x depth)
Weight:	9.5 Kg.
Materials of the structure:	aluminium
Material of the external lining:	polyester fabric

Carrycot features:

- According to tradition, loving even the tiniest particular, Inglesina cots are made with attention to every detail, to elegance, but particularly to comfort. This is why the Zippy Pro cot is completely lined with soft, precious fabric also outside.
- Manual adjustment of the backrest, reclining in two positions.

- The cot is equipped with a device adjusting the air flow: special windows with adjustable opening, located on the bottom ensure natural air circulation and an ideal air conditioning
- The internal lining is totally removable and hand washable at 30°C. Once the internal lining has been removed, it is possible to also clean the bottom of the cot with a soft cloth.
- The bottom of the internal lining of the cot is in 3D breathable mesh.
- Practical transportation handle, integrated in the textile lining, with ergonomic grip.
- Centralised mechanism for releasing the carrycot from the chassis.
- The reverse of the hood can be hooked in a position suited to protect the baby against the cold.
- Matching bag with changing mat.
- The cot is suitable for use in the car and it is approved for group 0 (babies from 0 to 10 kg), according to European standard ECE 44/04, only recommended with the Inglesina Car Kit.

Technical specifications:

Internal carrycot size:	31 x 19 x 72 cm (width x height x depth)
External carrycot size:	43 x 62 x 84 cm (width x height x depth)
Weight:	kg 4,57
Material of the external lining:	polyester fabric
Material of the internal lining:	polyester fabric
Materials of the structure:	polypropylene
Pram dimensions (chassis + carrycot)	53.5 x 108 x 85 cm (width x height x depth)

Huggy Multifix car seat features:

- Approved according to standard ECE R44/04 for group 0+ (from 0 to 13 kg of weight)
- Latest Side Head Protection technology for overall improved baby safety against side bumps and shocks.
- Suitable for reverse-face fixing only (against direction of travel) and recommended for use in rear seats - cannot be used in front seats where airbags are fitted as standard.
- Available separately: SHP base to be fastened by means of the car safety belts, or the new ISOFIX base, which can be used only in cars equipped with Isofix connectors (see list of vehicles in the instructions manual or in www.inglesina.com website).
- Possibility of use also without base.
- Centralised unbuckling mechanism on the backrest rear side.
- Adjustable 3-point safety harness with padded shoulder straps.
- Equipped with Easy Clip system for easy fixing on/off the car seat bases and on compatible Inglesina chassis and strollers.
- Carry handle with ergonomic grip, adjustable in four positions.
- Ergonomically-shaped head hugger in soft terry cloth.
- Adjustable and removable sun protective hood.
- It can be used as a baby carrier and house seat, also with swing function.
- Seat and hood lining totally removable and hand washable at 30°C.
